LinkedIn: <https://www.linkedin.com/in/timothy-imani-5677ba253>

PROFESSIONAL SUMMARY

Results-driven Software Engineer specializing in building scalable backend systems and full-stack applications using Java, Spring Boot, and React. Experienced in developing RESTful APIs, implementing microservices architecture, and deploying applications using Docker and cloud platforms. Passionate about solving real-world problems through clean, efficient, and production-ready code, particularly in health-tech systems.

TECHNICAL SKILLS

Backend & APIs: Java, Spring Boot, RESTful APIs, Microservices, RBAC, Exception Handling

Frontend: React (Vite), JavaScript (ES6+), HTML5, CSS3, Responsive UI, Dashboard Development

Databases: PostgreSQL, MySQL, Database Design (ERD), Query Optimization

Cloud & DevOps: Docker, Google Cloud Platform (GCP), Linux, Deployment & Environment Configuration

Tools and Environments: Git, GitHub, VS Code, IntelliJ IDEA, Postman, Chrome DevTools

PROFESSIONAL EXPERIENCE

Software Engineering Attachment

Systech Limited — May 2025 – August 2025

Completed intensive training in Java (Spring Boot), React, PostgreSQL/MySQL, Docker, and GCP

Developed and maintained Spring Boot backend services and RESTful APIs

Integrated APIs with frontend systems and collaborated using Git workflows

Optimized API performance and database queries

Contributed to debugging, testing (QA), and scalable system design

Computer Laboratory Technician

Bujwang'a Secondary School — May 2024 – August 2024

Maintained and configured computer systems and networks

Provided technical support to students and staff

Installed and updated software and ensured system security

Troubleshoot hardware and software issues

PROJECTS

MediLink – Digital Healthcare Platform

Live: <https://medilink-public.vercel.app>

Built a full-stack system (React + Spring Boot) for managing healthcare services

Designed REST APIs, role-based access, and scalable backend architecture

Tora Dental Clinic System

Live: <https://imani-prog.github.io/ToraDentalClinic/index.html>

Developed a responsive clinic website with modern UI and structured frontend architecture

CERTIFICATIONS

Responsive Web Design – FreeCodeCamp

DataCamp Track: SQL & Data Engineering Foundations

<https://www.datacamp.com/completed/statement-of-accomplishment/track/040ef11b80f5a27bd12623fe5990fe1008583bcf>

SQL (Intro → Intermediate → Joins, Subqueries)

Relational Data Modeling & Query Optimization Concepts

Data Engineering Fundamentals (Data Pipelines & Architecture Basics)

EDUCATION

BSc Computer Science

Machakos University — Expected Graduation Oct 2026

ADDITIONAL

Languages: English (Proficient), Swahili (Native)

Interests: Backend Engineering, Microservices, Cloud Systems, Health-Tech
